All students are expected to attend three daily recitations or lectures, and such other exercises as the Faculty may direct.

ENGLISH COURSE.

The special object of the English Preparatory Course is to furnish instruction in the common English branches to those who are unprepared, through want of these, to enter the Classical Course or the Scientific Course. The method of instruction will, at the same time, have constant reference to the wants of those who design to become teachers in the public schools. No Course of Studies is provided, but instruction is given in such branches as the wants of students may require.

Those who do not propose to pursue a regular Course of Study can recite in any of the classes of the Preparatory and Collegiate Departments for which they are prepared, and in which they can maintain an honorable standing.

Classes in Penmanship, Phonography and Vocal Music may be formed at any time, but at the expense of the student.

GENERAL INFORMATION.

LOCATION AND BUILDINGS.

The University is located at Granville, Licking county, Ohio, on the line of the Atlantic & Lake Erie Railroad (now in process of construction); also, three and one-half miles from Union Station, on the Central Ohio Railroad, and six miles west of Newark, in one of the most beautiful and healthful portions of the State, in a community distinguished for intelligence and morality.

The buildings are situated on a hill, north of town, less than one-half mile from the Public Square, the site containing twenty-four acres, nearly half of it in the rear being covered with a grove of old forest trees. The buildings are three: the first a frame, 32 x 70 feet, three stories high, containing single rooms, and capable of accommodating forty students; the second is of brick, 133 x 45 feet, four stories high, containing four Recitation Rooms, two Society Halls and Libraries, the College Library, Reading Room, Cabinet and Lecture Room, besides thirty-three suites of rooms, affording accommodation for sixty-six students, each suite of rooms consisting of a sitting room 12 x 14 feet, a bed room 8 x 11 feet, and closets; the third building is of brick, 135 feet long, and four stories high, with basement room, containing thirty-six suites of rooms, similar to those in the second building, for the accommodation of seventy-two students; also, a fine Chapel, Natural History Room and four Recitation Rooms.

When the study rooms in the College buildings are insufficient for the number of students in attendance, additional rooms can be procured in town.

TERMS AND VACATIONS.

The Commencement is held on the last Thursday in June of each year.

The College Year consists of forty weeks, and is divided into three Terms, as follows: the Fall Term of fifteen weeks, the Winter Term of thirteen weeks, and the Spring Term of twelve weeks.

The Winter Vacation, which includes the holidays, will be two weeks; and the Spring Recess, at the close of the Winter Term, will be from Wednesday to the following Monday morning.

For the Winter and Spring Terms,	-				each,	10 50

In the Preparatory Department—

Room Rent in the brick edifices is—

Bills for the above expenses are payable at the commencement of each Term.

There is no boarding-house connected with the institution. Good board can always be obtained in respectable private families. Students who room in the frame building are permitted to board themselves in their rooms, if they so desire. The price

of board in private families has been \$2 to \$3 a week during the year. Many of the students board in clubs for less than \$2 a week.

The College furnishes for the rooms only stoves and bedsteads. All other furniture for rooms—also fuel, lights, books, stationery and washing—the students provide for themselves.

Text books and stationery can always be found in the village or at the University.

The necessary expenses of a student for the year, exclusive of clothing and traveling, may be said to range from \$130 to \$220.

LIBRARIES AND CABINET.

The University and Society Libraries contain about eleven thousand volumes. The University Library is open twice each week for the use of members of the College Classes. It is now receiving constant increase from the Library Contribution Fund of the Association of Alumni, designed to amount to an expenditure, for a term of years, of \$1,000 annually. No charge is made to students in the College Department for the use of the University Library or Cabinet.

The Library is open each Tuesday and Friday, from 1 to 2 o'clock P. M., and on Saturdays, from 10 A. M. to 12 M.

The Cabinet contains a choice collection of shells, and full series of specimens for illustration in Geology, Mineralogy, Zoology and Archæology. It is open daily to students and visitors.

SOCIETIES.

There are two Literary Societies connected with the College Classes—the Calliopean and Franklin—which have their own halls, and each a carefully selected library of about two thousand volumes.

Connected with the Preparatory Department there is also a Literary Society—the Ciceronian—which has a furnished hall and a library of several hundred volumes.

PUBLIC WORSHIP.

Punctual attendance of all the students is required at the Morning Prayers; also, upon Divine Service twice on the Sabbath, at the Church selected by their parents or guardians. If no preference is expressed, it is understood that the students will attend with the Faculty at the Baptist Church, unless excused by the President.

Two prayer meetings are held in the College each week—one of them conducted by members of the Faculty—attendance upon which is voluntary.

DISCIPLINE.

The officers have rooms in the College edifices, and, during the hours appropriated to study, maintain quietness and good order in the halls and over the premises. They also keep a register, showing the absence of each student from all the exercises upon which his attendance is required; also, his degree of excellence or deficiency in each exercise, and his general deportment. This, if requested, is, at the close of the Term, transmitted to parents or guardians, and is open at all times to their inspection.

BENEFICIARIES.

Students who have the ministry in view, if without means of supporting themselves, and properly recommended by their Churches, are admitted as beneficiaries of the Ohio Baptist Education Society, by which Society they are furnished with free tuition and from \$80 to \$150 per annum.

DEGREES.

Bachelor of Arts.—The Degree of Bachelor of Arts is conferred on those persons who have completed the Course of Academical Exercises, as appointed by law, and have been approved on examination at the end of the Course as candidates for the same.

Bachelor of Sciences.—This Degree is conferred on those persons who have completed, in a satisfactory manner, the Scientific Course of Studies in this University, and sustain a creditable examination in the same at the close. No further Degree is conferred in course.

Candidates for these Degrees are required to pay the Treasurer their dues, including a graduating fee of five dollars, and present a certificate of the same to the President as early as the Monday before Commencement.
